EDUCATION

**Polytechnic University
Lufthansa Industry Solutions
Software Engineering**
2023 - 2024

**Polytechnic University
Electronics Engineering**
2020 - 2023

SKILLS

- MySQL, Oracle, MongoDB
- Git
- Java, SpringBoot
- Selenium
- Python
- Angular, JavaScript, TypeScript
- Docker
- React

ABOUT ME

Graduate student with a Master's degree in Software Engineering. Skilled in Java technologies such as SpringBoot as well as Angular and Python, with experience in web development, test automation and data visualization.

EXPERIENCE

**Hackathon
Lufthansa Industry Solutions**

Developer Management System
A system for managing developer profiles, allowing for addition, removal, editing, and deletion
- Backend build on SpringBoot
- Frontend build on Angular
- CRUD operations
- Search funcionality
- Project history

PROJECTS

Hotel Booking Site
Developed using Angular, this responsive web application allows users to:
- User roles such as admin and regular user
- Searching for hotels by name or location.
- Users can view room details, prices, and availability
- After booking, an invoice is automatically generated

Test Automation Framework
IImplemented using Selenium and Java. Features include:
- Organized using Page Object Model (POM) structure
- Using TestNG to do the assertions
- Efficient synchronization using wait methods
- Configured screenshot capture on failure
